underground club in the city.
Entrance in the back alley under the
fighting gargoyles

SPEAKEASY BAR

THE
BENT BIRD

THE BENT BIRD

The Roaring Twenties Is Back Again

Founded in 2009, *the Bent Bird* is the only high-end speakeasy bar in San Francisco, bringing the vintage charm to the energetic Castro District. This secret bar is hidden behind a faux storefront, but brings back the glamour and luxury of the 1920's on the inside.

The Bent Bird creates an array of hand-crafted house spirits in their drinks. Our award-winning *Golden Goose Gin* won first prize in the San Francisco World Spirit's Competition in 2007, which lead to the creation of our distillery and speakeasy. Since this initial success we have expanded and won awards for our *Black Bird Brandy*, *White Wing Whiskey*, and *Lonely Lark Limoncello*.

During the day as a distillery we hold tasting events, distillery tours, and afternoon lounge. At night, we bring the party with three different dance floors each with different music genres, private parties, and VIP bar and club access.

Events held weekly, and monthly because we all need to have some fun before the cops shut us down
